

FIG. 1

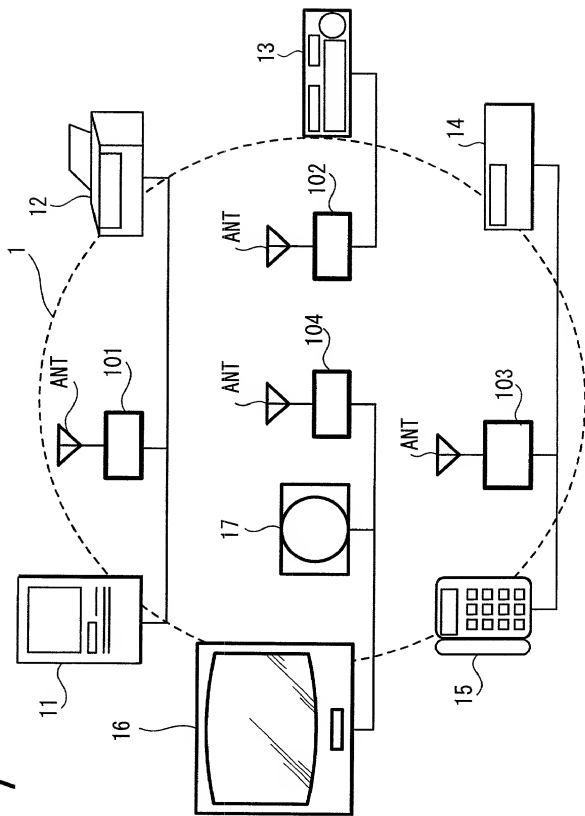

FIG. 2

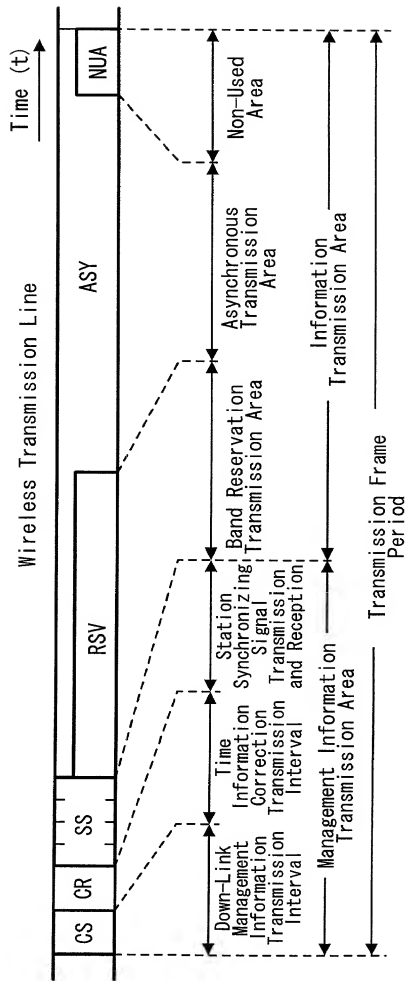

FIG. 3

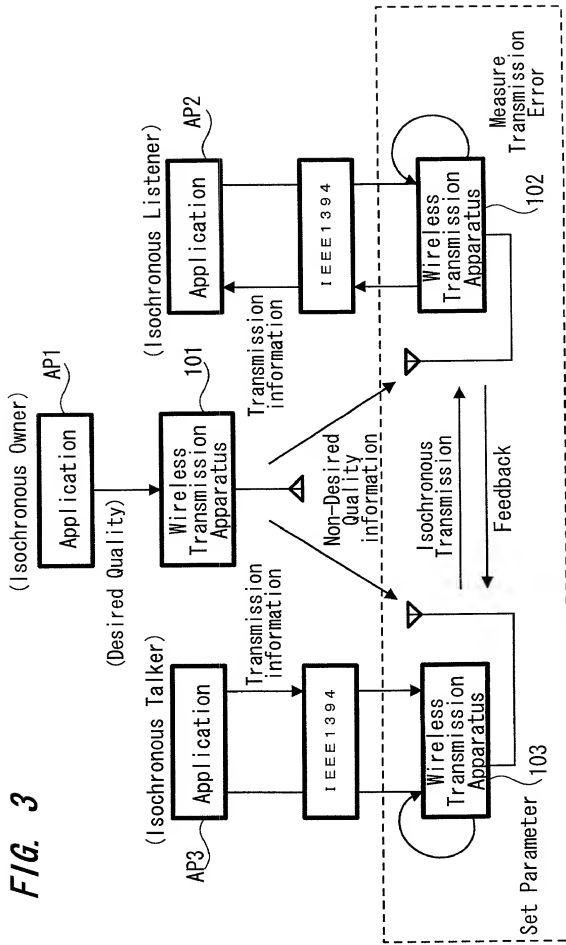

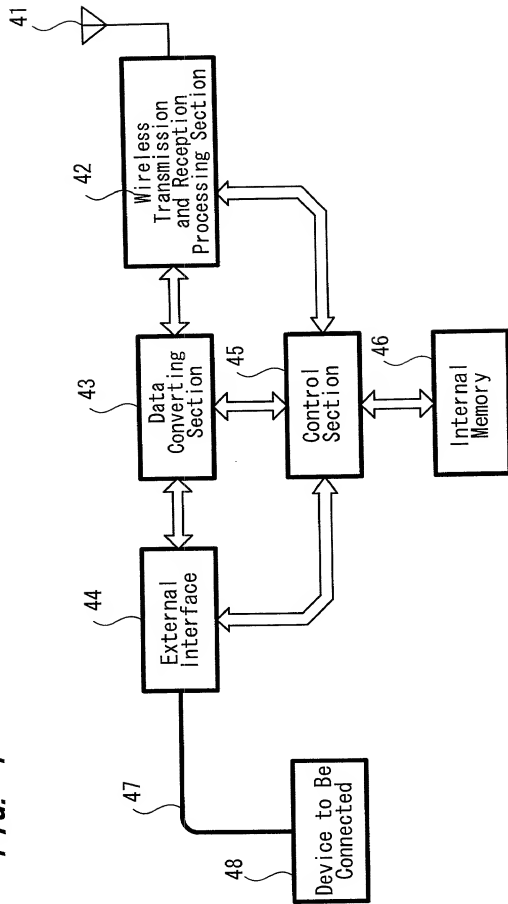

FIG. 4

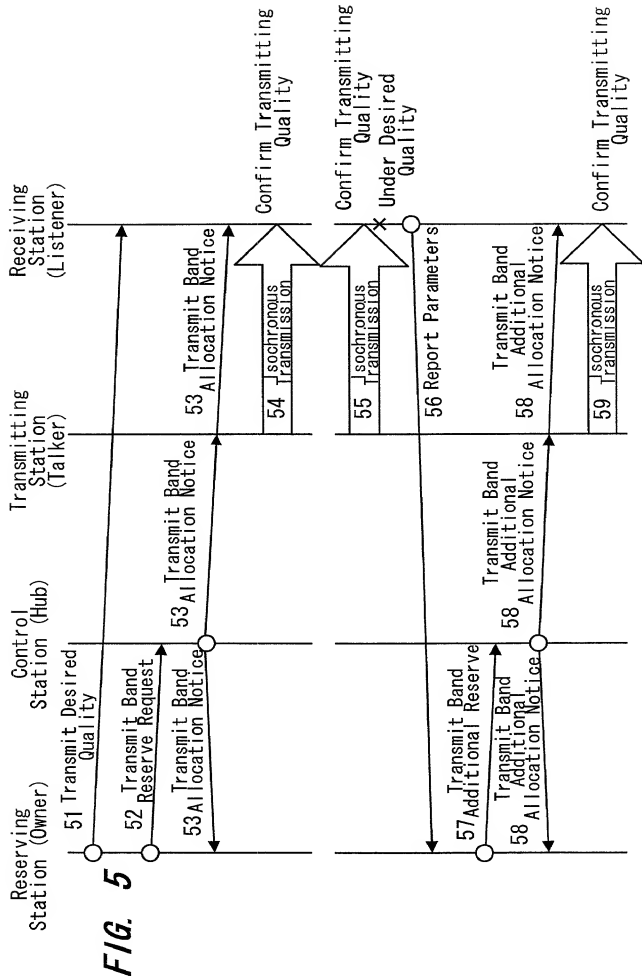

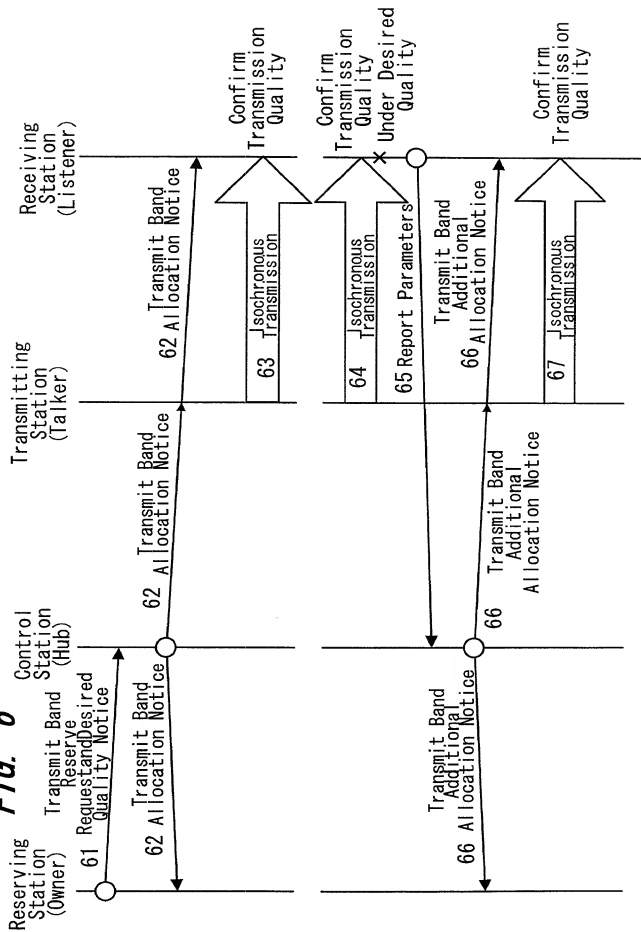

FIG. 6

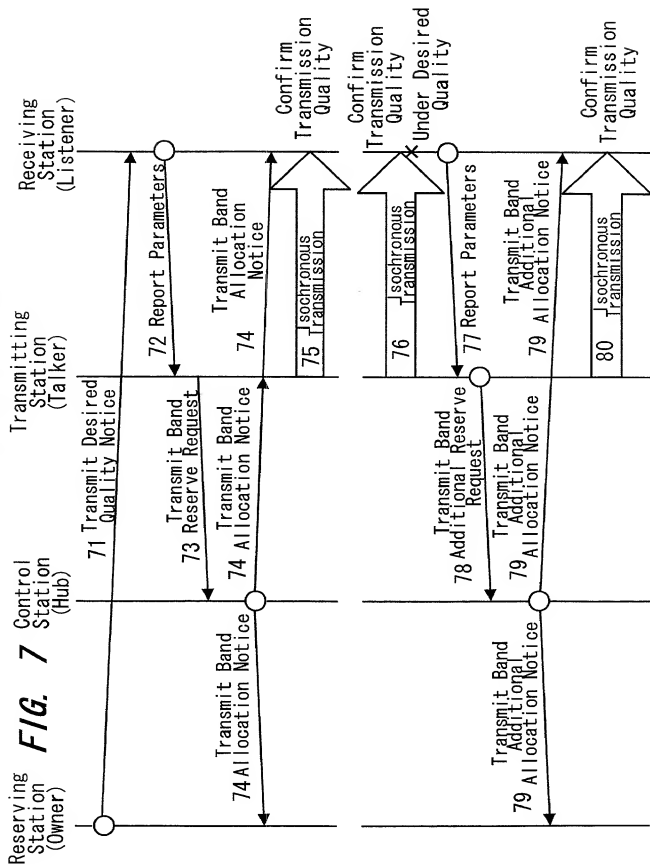

FIG. 8A

Identifier	Transmitting Station Information	Receiving Station Information	Desired Communication Quality Information
------------	----------------------------------	-------------------------------	---

FIG. 8B

Identifier	Transmitting Station Information	Receiving Station Information	Desired Modulation System/Coding Ratio Information	Transmission Error Occurrence Situation
------------	----------------------------------	-------------------------------	--	---

FIG. 8C

Identifier	Transmitting Station Information	Receiving Station Information	Request Number	Available Bandwidth Information	Available Modulation System/Coding Ratio Information
------------	----------------------------------	-------------------------------	----------------	---------------------------------	--

FIG. 8D

Identifier	Transmitting Station Information	Receiving Station Information	Request Number	Channel Number	Available Bandwidth Information	Available Modulation System/Coding Ratio Information
------------	----------------------------------	-------------------------------	----------------	----------------	---------------------------------	--

FIG. 8E

Identifier	Transmitting Station Information	Receiving Station Information	Channel Number	Available Bandwidth Information	Available Modulation System/Coding Ratio Information
------------	----------------------------------	-------------------------------	----------------	---------------------------------	--

FIG. 8F

Identifier	Transmitting Station Information	Receiving Station Information	Channel Number	Available Bandwidth Information	Available Modulation System/Coding Ratio Information
------------	----------------------------------	-------------------------------	----------------	---------------------------------	--
